USolar Signs™

CommLighter ™ UC400
Commercial Signs

- Small portable sign provides outstanding support for your marketing efforts!
- Bright LED lighting with Built-in rechargeable battery provides years of trouble-free operation!

Our newest LED sign family provides a larger surface area for your "message". Place this attractive LED sign around your business or park to provide directions or highlight a "Special Event" in your store. These illuminated signs are pleasing in appearance with their soft glow. Operate the light with a constant illumination or switch it to a blinking mode to improve eyecatching visibility.

UC400 Signs are available in a range of custom sizes!!

Special Features
Bright, colorful sign works day and night.
Durable, non-yellowing, UV-resistant RPVC plastic housing.
Portable, quick setup.
Constant or flashing light.
Rechargeable battery.

The concept is simple. Our ListingLighter™ LED technology has been adapted to a small, portable sign. Manually turn the light on for hours of operation, before turning off for the night. Recharge overnight for the next day's operation. Translucent housing radiates the internal light for hundreds of feet in each direction.

Customize the sign easily with your own color logo and message. Double-sided models are available, enabling artwork to be shown on both sides of the sign.

UC400 Lights shine bright at night!!
(OPEN sign is not lighted for comparison)

For trouble-free, stand-alone operation, requestion information on our range of solar-powered signs.

For more information on pricing and ordering, see the Ordering Information table on page 2.
